

WEBINAR INVITATION

Connecting due diligence, sustainability reporting and public procurement

The Nordic regions and Enact Sustainable Strategies AB invite suppliers, contracting authorities and other stakeholders to a webinar on recent EU developments in sustainability reporting and due diligence - with a focus on practical implications for suppliers and sustainable public procurement.

WHEN	TIME	FORMAT
9 June 2026	09:00-10:15	Online webinar
Join the webinar: Teams webinar link		
Why this webinar? <p>In March, the European Commission adopted the Omnibus I package to simplify and harmonise key EU regulations on corporate sustainability reporting and due diligence.</p> <p>The session will explore what these changes may mean for companies and for public buyers working with due diligence requirements in sustainable public procurement.</p>	During the webinar, we will: <ul style="list-style-type: none">• provide an update on Omnibus changes to CSRD, ESRS, CSDDD, VSME and the value chain cap;• explain the distinction between sustainability reporting requirements and due diligence obligations;• discuss what the changes may mean for information requests to suppliers, including SMEs;• explore practical implications for suppliers and contracting authorities in public procurement.	
Moderator Pauline Göthberg National coordinator, Sustainable public procurement in the Swedish regions	Speaker Sandra Atler Enact Sustainable Strategies AB, Director of the Human Rights & Business Practice Group Recent member (2022-2026), EFRAG Sustainability Reporting TEG
